

Nursery Autumn 1 'Getting To Know Me'

We are very excited to be welcoming lots of new children to Nursery this half term! We will be giving children lots of opportunities to explore our classroom and allow them to settle into the routine of Nursery. Children will be able to play inside and outside with a range of toys and resources. We will be encouraging children to make friends and work together as a team.

Our topic this half term is 'Getting to know me'. Children will be encouraged to talk about themselves and their family members. We will read a number of stories that will help us speak about our feelings, as well as our likes and dislikes. Children will be asked to bring photographs of themselves and their families to display in our classroom.

It is very important that children that attend nursery are independent. This includes using the toilet independently and putting their coats on independently. Please can all parents work on this at home.

Please send your child's family photos to kcharlton@peelpark.bradford.sch.uk
