Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Peel Park Primary
Number of pupils in school	599
Proportion (%) of pupil premium eligible pupils	39%
Academic year/years that our current pupil premium strategy plan covers	2021/ 2022
Date this statement was published	September 2021
Date on which it will be reviewed	September 2022
Statement authorised by	Heather Hutchinson
Pupil premium lead	Heather Hutchinson
Governor / Trustee lead	

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£264,150
Recovery premium funding allocation this academic year	£27,840
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year	£291,990
If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	

Part A: Pupil premium strategy plan

Statement of intent

At Peel Park, a significant proportion of children are eligible for Pupil Premium. When making decisions about using Pupil Premium funding it is important to consider the context of the school and the subsequent challenges faced. Common barriers to learning for disadvantaged children can be: less support at home, weak language and communication skills, lack of confidence, more frequent behaviour difficulties and attendance and punctuality issues. There may also be complex family situations that prevent children from flourishing. The challenges are varied and there is no "one size fits all".

We reserve the right to allocate the Pupil Premium funding to support any student or groups of students the school has legitimately identified as being in need of intervention and support.

Our objectives are:

- To narrow the attainment gap between disadvantaged and non-disadvantaged pupils.

- For disadvantaged pupils in school to meet or exceed nationally expected progress rates.

- To support our children's health and wellbeing to enable them to access learning at an appropriate level.

- To ensure our children attend school and are on time so no learning time is lost.

We will work towards achieving these objectives by:

Ensuring all pupils receive quality-first teaching by embedding regular coaching, in addition to CPD which reflects current educational practice, to strengthen teaching skills.
Considered use of assessment data to identify gaps in learning for priority pupils so additional support can be given.

SEMH and wellbeing support for disadvantaged pupils and families through the work of our safeguarding lead, attendance officer, family support worker and pastoral team.
Supporting families financially through subsidised trips, enrichment opportunities and experiences out of school such as residential trips.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Closing the attainment gap at the expected standard - disadvantaged pupils have starting points well below their non-disadvantaged peers with significant gaps in many years
2	Low attainment on entry to the Early Years Foundation Stage in all areas
3	Addressing weak language and communication skills
4	Addressing attendance and punctuality issues
5	Unsettled family lives and Social Service involvement. Supporting pupils with complex family situations that may prevent them from flourishing due to less support being in place at home
6	Life experiences as the children have limited experiences at home. These financial barriers often also prevent pupils being able to take part in extra- curricular activities that enhance the curriculum

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
To improve attainment and progress in English and Maths for pupils entitled to the Pupil Premium. To ensure any gaps in learning, due to time out of school because of COVID, are quickly identified and gaps taught	The % of pupils working at ARE in Reading, Writing and Maths will increase. The attainment gap between pupils in receipt of Pupil Premium and others will close and the difference to national standards will diminish.
To provide early language intervention and support for disadvantaged pupils in Foundation Stage and Key Stage 1	The % of pupils in receipt of the Pupil Premium achieving ARE in Communication and Language at the end of EYFS will increase. The attainment gap between pupils in receipt of Pupil Premium and others will close and the difference to National standards will diminish.
To provide pupils with opportunities to take part in extra-curricular activities and cultural and enrichment opportunities	All pupils are socially equal within school and enjoy a variety of additional, inspirational first- hand experiences.
To work closely with families to improve attendance and punctuality	Attendance improves, the difference between the attendance of pupils in receipt of Pupil Premium and others will close and the difference to National standards will diminish. % persistent absence decreases.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 101,784

Activity	Evidence that supports this approach	Challenge number(s) addressed
To provide early language intervention and support for PP children in the Foundation Stage and Key Stage 1 To screen all children on entry and bespoke programmes are put in place. Cost of AG as full time interventions for Well Comm PA (Y2) x three afternoons per week. 3 staff x 0.5 of a day trained in Well Comm Implementation of NELI. Three x members of staff out of class x 2 days. 1 hour everyday of intervention – 1:1 and small groups per 3 adults. Cost: £31,344	Baseline data has shown that pupils come into school with a limited understanding of the English language; therefore, the development of oracy and language are a key focus within both EYFS and KS1. 2021 end of FS data shows that the % of disadvantaged pupils achieving ELGs in listening and attention, understanding and speaking was lower than other children. Disadvantaged boys were particularly lower in this area. Focused interventions are required to address this in Year 1. Over 75% of the Reception children have been assessed below on the Well Comm assessments.	1, 2,
To improve attainment and progress in core subjects for pupils entitled to the Pupil Premium through quality first teaching.	Data shows that the attainment and progress gaps between disadvantaged children, throughout school, has widened during the last 18 months.	1,2
Y2 HLTA to work with groups of children in phonics, maths and writing to support the	Maths and writing have seen the greater impact through the covid disruptions. Years 2, 3 and 4 have the greatest gaps.	
delivery of Quality First Teaching.	The additional teaching staff sees progress accelerated in KS2.	
Y6 HLTA to work with children identified to support the delivery of Quality First Teaching.	Termly gathering of assessment data is analysed and information actioned during regular Pupil Progress meetings. Identification of pupils at risk of underachieving and actions put into place to	

SLT deliver staff training, teach maths groups. Cost: £22,440	address this. Analysist of interventions to show impact.	
Staff CPD Assistant head for coaching time – 2.5 days a week Coaching/ observations of teachers to improve QFT (Cost of cover) Cost: £48,000	Teachers are involved in coaching programme to share good practice. High quality staff CPD is essential to follow EEF principles. This is followed up during Staff meetings and INSET.	1, 2, 3, 4, 5, 6

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £102,890

Activity	Evidence that supports this approach	Challenge number(s) addressed
Targeted interventions - use of gap analysis and assessment data to target identified pupils in Phonics, Maths, Reading and Writing 0.5 KA 0.5 GB 0.5 MD SI EYPs – BS, RB, MA, TA (0.5) Intervention groups led by Catch Up Teachers Cost: £66,355	The attainment measure of KS1 and KS2 (percentage of children achieving at least the expected standard in Reading, Writing and Maths) could indicate that COVID related disruption has had a considerable impact on outcomes, especially in 2021. Only ? of pupils achieved the combined standard this year, compared to ? of the school's KS1 and KS2 cohort in 2019 and, 65% of pupils nationally in 2019.	
Gaps in Year 6 knowledge have been identified using the PIXL assessment system. This indicates the intervention that is required to narrow the gap for these children. Cost: £17,000	There are significant gaps in the children's attainment with regards to Reading, Writing and mathematics. Previous intervention using the PIXL assessment system has supported children's attainment and progress well.	
School-led tutoring - Catch up Phonics team to work with individual children in Year 1 Cost: £13,220	There are significant gaps in the children's knowledge of phonics in year 1 with some children in year 2 showing gaps.	
Sumdog Timetable interventions	The children's confidence in timetables is poor. Weekly sumdog tests and use of this both at home and school to increase the	

Cost: £2315	number of children knowing and being able to apply their timetable knowledge across all aspect of the Maths curriculum.	
EY resourcing to meet the needs of the EY curriculum Reading books for all children as a gift to improve the use of vocabulary and give the children access to books. (Christmas and Easter)	Over recent years, ? % of children in the reception cohort have achieved a Good Level of Development by the end of the Foundation Stage. In 2021, there was a huge decline in this number – showing the impact that Covid had on these children. Foundation stage attainment is well below national (72% in 2019).	1,2
Cost: £4000	These figures reflect the fact that most children join Peel Park with very low levels of development.	

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £118,306

Activity	Evidence that supports this approach	Challenge number(s) addressed
BCL to support attendance, working with cohorts to improve persistent absence. Cost: £3600	Persistent absence is high in school. Particular families require this additional support to help them with attendance.	4
Learning Mentors to support children in school.	Social and emotional difficulties identified by Class Teacher / the DSL.	5
DSL working closely with families, individual children and groups of children – especially those on a CP, CIN, CLA plan and those with Early Help involvement. Cost: £89,049	Vulnerable children list – identifying key needs for direct work by Learning Mentors and DSL.	
Parental officer to support families on low income – applying for benefits, uniform etc) Cost: £11,657	Some of our families do not have the technology to apply for additional financial help. Families also struggle with the understanding of English, (reading and writing), and are unable to apply themselves.	
Magic Breakfast provides a free breakfast for children to start their day.	Food deprivation is high at Peel Park. Research shows hungry children do not perform as well.	4, 5
Rethink Food – a 'fill a bag' food stall every Friday for any	To help families over the weekend so no child goes hungry.	

families who want to participate. Cost: £4000		
The contribution to the cost of trips, visitors to school and residentials. Cost: £10,000	For a large percentage of our pupils the only time away they will have is through school residentials. Limited life experiences for many of our pupils makes writing in topic work very limited. Experiences both in and out of school helps to remove this barrier.	1, 3, 4, 5, 6
All disadvantaged pupils to be given the opportunity to engage in a range of extra- curricular activities at school.	Many of our pupils do not have the opportunities to join organised sports clubs. Children need to be encouraged to engage in active learning and sports to reduce the risk of obesity and lead a healthier lifestyle.	6

Total budgeted cost: £322,980

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year. Due to COVID-19, performance measures have not been published for 2020 to 2021, and 2020 to 2021 results will not be used to hold schools to account.

Impact of Pupil Premium Funding on Attainment of Disadvantaged Children 2020 / 2021

Impact of PP funding on GLD	2019	2020	2021
% GLD - whole cohort	67%	No statutory testing due to	40.8%
% GLD - National	72%	COVID-19.	-
% GLD – Disadvantaged	62%	Before lockdown – we were on	33.3%
Summary	Below National and gap from	track to get 72%.	
	whole cohort		

Impact of PP funding on Y1 Phonics	2019	2020	2021
% achieving standard - whole cohort	84%	No statutory testing due to	65%
% achieving standard - National	82%	COVID-19.	-
% achieving standard –	83%	Before lockdown – we were on	52%
Disadvantaged		track to get 92%.	
Summary	Above National		

Impact of PP funding on Y2 Phonics	2019	2020	2021	
% achieving standard - whole cohort	91%	No statutory testing due to	55%	
% achieving standard - National	91%	COVID-19.	-	
% achieving standard –	89%		60%	
Disadvantaged				
Summary	Just below National and whole cohort. But significant improvement on the previous year			

Impact of PP funding		2019		2020			2021		
on Y2 Outcomes	Whole cohort	PP children	National	Whole cohort	PP children	National	Whole cohort	PP children	National
% achieving standard – Reading	63%	69%	75%	No statutory testing due to COVID-19.			47%	41%	-
% achieving standard – Writing	54%	69%	69%		ore COVID 19 t the children v		41%	33%	-
% achieving standard – Maths	69%	63%	76%		e 2019 Nation and would be a	Ų	49%	44%	-
% achieving standard – Combined	50%	56%	65%	percentage	away in Maths	and Writing.	37%	31%	-
Summary	Reading – below national but above whole cohort, Writing – at national, Maths – below national and gap from all. Much improvement in all areas compared to the previous year								

Impact of PP funding	2019			2020			2021		
on Y6 Outcomes	Whole cohort	PP children	National	Whole cohort	PP children	National	Whole cohort	PP children	National
% achieving standard – Reading	69%	58%	73%	70%	71%	No statutory testing due	76%	63%	No statutory testing due
% achieving standard – Writing	75%	64%	78%	73%	76%	to COVID- 19.	72%	56%	to COVID- 19.
% achieving standard – Maths	81%	53%	79%	69%	71%		67%	52%	
% achieving standard – Combined	62%	38%	65%	63%	65%		63%	48%	
Summary	Below national and whole cohort in all three subjects with Maths showing the greatest gap between disadvantaged children and the whole cohort. The combined standard also shows the gap for disadvantaged children.			Teacher assessments were submitted. Pupil premium children achieved just above the whole cohort in all areas. These are still below the national figures from 2019 except combined which is in line nationally.			Progress Measures Reading whole = 0.51 PP children 0.21 Writing whole = 0.96 PP children 0.57 Maths whole = -0.05 PP children		
							0.85	=-0.05 P
