The Path to Success

Report written by Mr B Cunliffe (PE Subject Leader)

Evidencing the impact of the primary PE and Sport premium 2025-26

Last updated 3/7/26

Schools must use the funding to make **additional and sustainable** improvements to the quality of PE and sport they offer. This means that you should use the Primary PE and Sport Premium to:

- Develop or add to the PE and sport activities that your school already offers
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

Academic Year	Amount (approx)
2025-26	£21,000

Peel Park Primary School

The Path to Success

The sports funding at Peel Park Primary School supports provision for the following-

- Additional PE and PA opportunities outside of the curriculum lessons which poverty proofs our school under the categories of 'Talent', 'Sports Lovers', 'Fitness' and additional SEN PE.
- We have also introduced 'Football Stars' where our most gifted players receive 1:4 coaching.
- Enhanced PE curriculum developed to fit the needs of our pupils and maximizing our facilities and matched to the wider sporting and PA opportunities in the local area and sporting competition.
- The opportunity to participate in the full BD3 League which is hosted at Carlton Bolling (We continue to play a key role in the success of this widely valued resource).
- We send two teams (at least) to almost every competition and have competitions targeted for competition as well as a wide range of opportunities for SEN children. This again increased on last year.
- Opportunities for talented children to receive additional coaching in these areas for curated sport specific list (We know who are gifted children are in each traditional sport). This resulted in particularly strong performances in girls' football and boys' cricket.
- Children are fully prepared to participate in external competition and we had our most successful year yet.
- Opportunities for SEN children to receive additional coaching and opportunities to participate in competitions such as Boccia and New Age Kurling with increased success.
- 'Healthy Schools Week' which is a 'wow' event that provides the children with a week of fun and engaging activities. (Detailed plan available on request)
- We provide a comprehensive PE and PA provision for all children, of all abilities and sporting/pa interests.
- Additional PA activity opportunities are provided for those most in need.
- A wide selection of high-quality equipment to maximize the quality of learning with all equipment in correct and appropriate sizes for all ages.

Impact of the PE and Sports Grant in 2025-26

- A comprehensive in school Gifted and Talented program which has allowed us to both participate and be successful in school games competitions and the now established BD3 League.
- We have fully embedded the above model in gender specific groups for Y5/6
- We have dominated the BD3 Games winning or coming second in every traditional competition. We also came 5th in the City of Bradford for U11 football.
- Regular top place finishes in the BD3 League for both our boys' and girls' teams (Girls now have equal success in comparison to the boys).
- Approximately 250 pupils across school from Years 1-6 attend after school clubs have access to a sport based after school club.
- The importance of diet and nutrition delivered to the children and they understand that exercise doesn't always mean traditional sports.
- The impact of the premium funding is sustainable due to the upskilling of our teachers in effective sports teaching, development of skills and broader experiences of sport.
- Pupil's fitness and sporting ability is sustained as each year builds on the previous and expectations of what pupils can do are increased.
- Further improved PE curriculum that provides opportunities for children to broaden their experience and challenge is available to the ablest.
- PE is a key part of life at Peel Park and children are proud to and want to represent the school in external competitions with further increased opportunity to do so (See our Sporting Superstars Display).
- As well as additional sport for gifted children, children who love sport but struggle to make these teams received additional coaching during school time deepening the love of sport at our school. This is now more widely offered along with opportunities for SEN children (We have specific training sessions for all of our teams).
- Further increased percentage of children who choose to be active
- As of the end of the 26 academic year, we now have girls at Bradford City Girls Academy and boys at the Bradford City Development Centre.
- Children's fitness and physical activity levels continue to increase.
- PE was 'deep dived' by Ofsted and proven to be strong in both the curriculum offer and the wider offer.
- We won the 'Active School of the Year' at the Active Bradford Awards. This was in recognition of our sporting, PE and Physical Activity offer.
- Improved outcomes in swimming.
- Increased numbers of children who can ride a bike.

Support for review and reflection - considering the 5 key indicators from DfE, what development needs are a priority for your setting and your students now and why? Use the space below to reflect on previous spend, identify current need and priorities for the future.

Key achievements to date:	Areas for further improvement and baseline evidence of need:
Our comprehensive sport and PA for all continues to deliver results More internal school competitions such as the 'Peel Park World Cup' and talent sessions have been improved (Going sport specific will further improve this) SEN children have specific sessions timetabled in to complement PE lessons and prepare for external competitions Well established links with Bradford City FITC, British Cycling, Bike Futures, Ju:mp and CAS and BD3 PE leads Fully embedded Long Term plan to maximize our facilities and link with what is happening and available in the local area The attainment gap continues to narrow PE teaching is 'good' or better with clear planning to work from (Has improved further since Ofsted deep dive) Progression document and tracking system in place for PE PE, PA and school sport are all key parts of life at Peel Park The school has a sporting team ethos. 'Team Peel Park' and wearing the 'green jersey' is of high importance. Breaks and lunchtimes are much improved due to OPAL. We have pupils who have signed for professional football and cricket clubs We continue to work closely with other schools and our offer and way of working is highly respected. We have delivered 'open classroom' events and also presented to Sports England and at CAS Conferences all of which was well received. Pupil voice continues to be responded to. Healthy Schools Week and a sports day that meets the wants and needs of all children. Children from Nursery to Y6 all receive additional PE and PA opportunities. Along with our longstanding relationship with the Bradford City Community Foundation, we now have An even stronger relationship with Bradford City Women and Girls and the Bradford City Football and Education. Our relationship with Bike Futures goes from strength to strength with him numbers of children able to cycle at our school. This has been further supported by work with British Cycling. Our Kanga swimming pool has considerably improved swimming outcomes. We were delighted to win the Bradford 'Active School of the Year' award.	Girls to continue to have similar success in external competition performance Further increase the quality and quantity of the Talent and SEN provision (Sport Specific for KS2 and continuing to be gender specific in Y5/6) Further monitoring of the improved KS1 offer and review Beyond the Physical Explore further opportunities to build links with other sporting teams and clubs Further improve the swimming outcomes for our school by using a portable pool on the school site Further increase the number of children with the ability to be put forward for trials Ensure new teachers are clear on our PE and PA expectations and the 'Team Peel Park' ethos Can we further increase general participation in grass root sport away from school
