### Science Weekend Challenge

Dear Parent(s)/Carer(s),

We'd like to take this opportunity to challenge you to complete our science weekend challenge! There is a small Autumn based activity, on the other side of this letter, for you and your child to complete together.

If your children would like to share their discoveries, please encourage them to record their investigations or research (to add to a special science display) and they will receive a special scientist certificate!

In Bradford, we are also lucky enough to be within walking distance of the 'Science and Media Museum', which is open all year round and hosts a range of free, interactive galleries including 'Wonderlab', a permanent exhibition where you can explore light and sound. 'Hello Universe' is another free exhibition, which is exploring the sights and sounds of space.

Happy investigating!

Ms Culley and Miss Ellis

Incorporating the  
**BD3 Forest School**
