Adverbs

Build a robot to defeat the dragon

Subheadings:

The fire breathing dragon is an evil villain who wants to devour the world. Although, he is massive, you can defeat him. You would become an amazing hero. If you are intelligent, creative and brave, follow these instructions to defeat this vile enemy.

You will need:

- A clean work area
- An orange hammer
- A metal bin
- An indigo metal
- A pack of screws
- A pair of Nike trainers

Conjunctions

What you need to do

1. First, make sure your work area is neat and tidy. You cannot be creative if there is mess everywhere.
2. Then, hammer the indigo metal to make the robot's body.
3. Sneakily, steal your neighbour's bin for the head during the night.
4. Next, screw the robot head onto the top of its body.
5. Carefully, put the Nike trainers on the feet.
6. Following this, climb on top of the robot and switch it on.
7. When the robot ready, ask it to do a dab.
8. Finally, peek out of the window and feel reassured as you watch your robot easily defeat the dragon.

Prepositions

Top tip:

If the robot doesn't listen to your instructions, ask it to do a dab.
