

Nursery Autumn 1

This half term we will be looking at a different book each week, relating to Under the Sea. The new book cover will be displayed in the Nursery door window for you to see and ask your child about that week.

In Nursery, we aim to go out outside, whatever the weather. In order to do this, can you provide a pair of wellies for your child to keep at school with their names labelled inside.

Dates for your diary:

20th, 22nd, 23rd October– Stay and play sessions. There will be a letter coming home about these in the next couple of weeks for you to request which day you would like to come in.
22nd October– Half term

In Maths we are focusing on a number each week. We have introduced number 1 and we are carrying out lots of activities based around that number. We are using Numberblocks to help us to learn the numbers.

We are focusing on speaking and listening activities to encourage the children to hear different sounds and discuss what they can hear. Talk to your child about what they have done during their session in Nursery to encourage speaking in full sentences.

How you can help your child

We are encouraging independence so work with your child to:

- Learn how to take their coat off independently and put it back on
- Using the toilet independently
- Washing their hands independently
