

Peel Park Primary School

The Path to Success

Report written by Mr B Cunliffe (PE Subject Leader)

Evidencing the impact of the primary PE and Sport premium 2022-23 (including 2023-24 plan)

Last edited on 17/07/2024

Schools must use the funding to make **additional and sustainable** improvements to the quality of PE and sport they offer. This means that you should use the Primary PE and Sport Premium to:

- Develop or add to the PE and sport activities that your school already offers
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

Academic Year	Amount (approx)
2022-23	£21,000
2023-24	£21,000

Peel Park Primary School

The Path to Success

The sports funding at Peel Park Primary School supports provision for the following-

- Additional PE and PA opportunities outside of the curriculum lessons which poverty proofs our school under the categories of 'Talent', 'Sports Lovers', 'Fitness' and additional SEN PE.
- Enhanced PE curriculum developed to fit the needs of our pupils and maximizing our facilities
- The opportunity to participate in the full BD3 League which is hosted at Carlton Bolling (We are heavily involved in the running of this league).
- We now send two teams (at least) to almost every competition
- Opportunities for talented children to receive additional coaching in these areas.
- Children to be fully prepared to participate in external competition and be successful
- Opportunities for SEN children to receive additional coaching and opportunities to participate in competitions such as Boccia and New Age Kurling.
- Additional opportunities for children who need additional physical activity to be 'fit and healthy'.
- KS2 children attend weekly swimming sessions at the local pool.
- Transport to take pupils to tournaments and competitions at various locations.
- 'Healthy Schools Week' which is a 'wow' event that provides the children with a week of fun and engaging activities. (Detailed plan available on request)
- We provide a comprehensive PE and PA provision for all children, of all abilities and sporting/pa interests.
- Additional PA activity opportunities are provided for those most in need.
- A wide selection of high quality equipment to maximize the quality of learning

Impact of the PE and Sports Grant in 2022-23

- A comprehensive in school Gifted and Talented program which has allowed us to both participate and be successful in school games competitions and the now established BD3 League.
- Regular top place finishes in the BD3 League with a considerable improvement in the performance of girls' teams
- Approximately 200 pupils across school from Years 1-6 attend after school clubs have access to a sports based after school club.
- The importance of diet and nutrition delivered to the children and they understand that exercise doesn't always mean traditional sports.
- The impact of the premium funding is sustainable due to the upskilling of our teachers in effective sports teaching, development of skills and broader experiences of sport.
- Pupil's fitness and sporting ability is sustained as each year builds on the previous and expectations of what pupils can do are increased.
- Improved PE curriculum that provides opportunities for children to broaden their experience and challenge is available to the ablest.
- PE is a key part of life at Peel Park and children are proud to and want to represent the school in external competitions with further increased opportunity to do so.
- As well as additional sport for gifted children, children who love sport but struggle to make these teams received additional coaching during school time deepening the love of sport at our school. This is now more widely offered along with opportunities for SEN children (We have specific training sessions for all of our teams).
- Further increased percentage of children who choose to be active
- Children have signed for local clubs. Bradford City and Yorkshire Cricket being the most high profile. Children were also sent to trials for Bradford Schools and have reached the final stage.
- Children's fitness and physical activity levels continue to increase.
- We received recognition at the Active Bradford Awards.

Future Plans and Proposals

- To further increase the quality and the quantity Talented provision focusing on areas of specific children's needs. (Y5 and Y6 children to receive their additional PE in gender specific groups).
- To continue to tackle the problem of obesity within our school by providing additional PE for these children (This continues to improve but remains a priority and we are signed up to a research project linked to this which starts in September 23).
- To continue to close the gap in the performance of girls teams in relation to the boys (They're now much closer).
- Increase the number of talented children who are attached to external clubs.
- Improve assessment of PE.
- Further develop 'Healthy Schools Week'.
- Further increase outdoor learning opportunities.
- Increase the quality of our dance and gymnastics provision in PE lessons.
- To further improve the nutrition of our students.
- Actions from the learnings of the research project that begins in September

The Path to Success

Support for review and reflection - considering the 5 key indicators from DfE, what development needs are a priority for your setting and your students now and why? Use the space below to reflect on previous spend, identify current need and priorities for the future.

Key achievements to date:	Areas for further improvement and baseline evidence of need:
<p>Our comprehensive sport and PA for all continues to deliver results More internal school competitions such as the 'Peel Park World Cup' and talent sessions have been improved SEN children have specific sessions timetabled in to complement PE lessons and prepare for external competitions Well established links with Bradford City FITC, Ju:mp and CAS and BD3 PE leads Refreshed Long Term plan to maximize our facilities The attainment gap continues to narrow PE teaching is 'good' with clear planning to work from Progression document and tracking system in place for PE PE, PA and school sport are all key parts of life at Peel Park The school has a sporting team ethos. 'Team Peel Park' and wearing the 'green jersey' is of high importance. Breaks and lunchtimes are active after the introduction of bikes, scooters and zoned areas. (See Poverty Proof Report for further details) Parents have received training and support with packed lunches Children meeting professional sports players to inspire them (e.g Mark Hughes and Chris Kamara) We have pupils who have signed for professional football and cricket clubs We continue to work closely with other schools despite the PE leader no longer working as a CAS champion. Pupil voice continues to be responded to. Healthy Schools Week and a sports day that meets the wants and needs of all children. Children from Nursery to Y6 all receive additional PE and PA opportunities.</p>	<p>Girls to continue to close the gap in external competition performance Further increase the quality and quantity of the Talent and SEN provision (Gender specific for Y5/6) Refresh and rezone our playground to further increase PA at break and lunch. KSI isn't as well zoned as KS2 currently. Dance and Gymnastics to become a part of the PE offer in a way that engages our school community Provide opportunities for KSI children to compete with other schools Continue to provide opportunities for children who are not 'fit and healthy' Explore further opportunities to build links with other sporting teams and clubs Considerably improve the swimming outcomes for our school Further increase the number of children with the ability to be put forward for trials More Active Learning with a particular focus on further developing our orienteering offer which is currently in its infancy. Ensure new teachers are clear on our PE and PA expectations and the 'Team Peel Park' ethos. Swimming results were again poor last year. Can we find a way to address this?</p>
