Read through the original text to help you write your own shared write. Remember you are not copying this but you can use it for ideas.

You will need:

- A clean work area
- An orange hammer
- A metal bin
- An indigo metal
- A pack of screws
- A pair of Nike trainers

What you need to do

1. First, make sure your work area is neat and tidy. You cannot be creative if there is mess everywhere.
2. Then, hammer the indigo metal to make the robot's body.
3. Sneakily, steal your neighbour's bin for the head during the night.
4. Next, screw the robot head onto the top of its body.

- Go through the notes and begin to write the first 4 steps to the method – making sure its informative yet concise

You will need:

- A clean work area
- An orange pair of fierce looking eyes
- Giant, colourful Lego
- A pack of metallic screws
- A pair of blue, shiny wings

What you need to do

1. First, make sure your work area is clean and tidy because you cannot be imaginative in a messy place.
2. Then, use the giant, colourful Lego to create the head and body of the dragon.
3. Carefully, screw the blue, shiny wings on each side of the dragons body using the metallic screws.
4. Next, screw the eyes into the dragon’s big, bold face.
