

25.09.20 Re: School opening times from Friday 2nd October 2020

Dear Parents/ Carers

As you know, school has closed this afternoon to allow for a thorough, deep clean of the premises that will supplement our daily thorough cleaning. During COVID-19 times, this is going to be a regular necessity. I am writing to you today to inform you that for the foreseeable future, **school will close every Friday afternoon, from 1:00 pm, to allow this additional cleaning to take place.**

I understand that this will inconvenience many of you. I do regret this. Given that COVID-19 is a highly contagious disease, I feel that we have no choice.

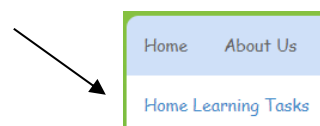

I will, of course, regularly review this situation. I hope to return to 'normal' school opening times as soon as is possible.

What about my child's Friday afternoon lessons?

Teachers will set learning for your child to do at home on a Friday afternoon. We will use a combination of Online Learning and written work. Online work will be uploaded to our website: <https://peelpark.eschools.co.uk/website>

On our website you will find the Home learning tasks tab:

The work set by the teacher must be completed. This message is not just from us at school. It is the **Government's expectation that children's education is not interrupted.** We will deliver the same education sequence of lessons to your child that will continue even though your child is not in the building. For this reason, it is important that your child completes all the tasks set by the teacher.

Once again, I apologise for any inconvenience that this may cause you.

Yours Sincerely,

Mr L Mason-Edwards

Mr L Mason-Edwards
Headteacher
