## Good to be Green Positive Behaviour Guide

### Green Card

**READY,  
RESPECTFUL, SAFE.**

Pupils who follow our school rules will stay on **GREEN** every day. The idea is that classes work as a team to encourage each other to stay on green, this is a whole school approach. Our school rules are:

- Always follow a learning or safety instruction from a known adult in school.
- Keep your body and objects to yourself.
- Always speak politely and be respectful to others.

### Verbal Warning

If a school rule is broken the first step will be for a member of staff to speak to the pupil to discuss what they have done and to encourage them to reflect and stay on green.

### Turned Card

If a pupil continues to break the school rules their green card will be turned on its side. A class behaviour buddy should be used to talk to the pupil / support them. \*

### Yellow Card

Following a turned card a yellow card will be given. This means the pupil will no longer be on green and this will be logged and tracked on the class monitoring chart.

### Blue Card – stop and think!

The blue card is the final stage before a red card is given. If a pupil is given a blue card they complete a reflection sheet in another class in their year group. Reflection form to KN and 2 week monitoring begins.

### Red Card

If a pupil is given a red card they are taken to a member of SLT and parents are informed. They are put on a 2 weeks monitoring record and checked daily by KN or a member of SLT.

### Good to be Green Monitors and Rewards

The aim is for children to stay on **GREEN** and this is what we all need to encourage every day!

Each class has 2 Good to be Green Monitors who log the number of children in the class who have stayed on green each week.

A token is given to the class with the most children on green from each phase each week. At the end of each half term the class with the most tokens receives a reward. These are recorded on a display outside KN's room.

Individuals who have stayed on green every day all year will receive a certificate / sticker or badge at the end of the school year.

### Additional Information

**\*Calming Corner** – each class to have a space in the corner of their room should a child who has a turned card need some time to sit and reflect. They take themselves to the corner with a timer and time themselves 2 minutes of reflection time to help them to stay on green. There could be a cushion to sit on, sheets with breathing exercises on them to help them regulate in the 2 minutes they are there.

### Transition around School

- Children use quiet voices when moving around school.
- Classes walk in neat, single file lines on the left hand side of corridors, stairs etc.
- Staff use lots of praise for children who are role models.
- All staff to be on board and encourage all children to follow these rules.

**Exemptions from Good to be Green:** There are some children in school who need some adaptations to the policy for different reasons. These children will have specific behaviour plans and copies will be given to relevant staff.
