

Year 3 Summer 1 2026

Welcome!

We hope you had a fantastic break and are ready for the exciting learning that will be happening this term.

Maths

Children will consolidate division before building on the fractions knowledge from Year 2. They will end the unit by learning how to add and subtract simple fractions.

Children will also learn about Roman numerals.

English

Children will write setting descriptions. They will use the 'The Secret Lake' to support with ideas.

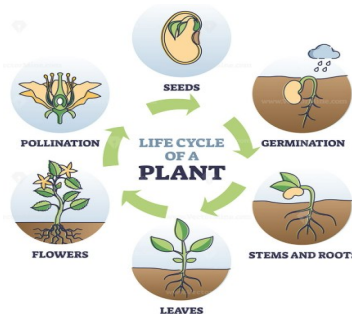

The focus will be on using expanded noun phrases, conjunctions and prepositions of place.

Other portal stories you can read with your child:

Science

We are beginning an exciting topic about plants. We will focus on growing plants, the plant life cycle from seed to plant, flower and seed. In particular we will be carrying out experiments to find out about the conditions that plants need to thrive.

History

Ancient Egypt

Children will explore the fascinating life of the Ancient Egyptians. They will learn about the Egyptian beliefs and what daily life was like. We will look at how some aspects of Ancient Egyptian life can still be seen today.

Design and Technology

Linking to our history topic of Ancient Egypt, we will be working on structures where children will be constructing a sarcophagus out of cardboard. To do this they will be looking at the features of sarcophagi, understanding 3D shapes and how to assemble geometric shapes from flat cardboard.

Physical Education

In PE, we will be working on our cricket skills (Outdoor) and focusing on the target game of Dodgeball (Indoor). Remember that all classes have PE on a Monday and a Friday.

Computing

This half term, we will be using Chromebooks to do desktop publishing. We will learn how to add images and text to a poster.

If you have any questions or concerns please feel free to email your child's class teacher.
