Young Voices

Dear Parent(s)/Carer(s),

I am thrilled to share an incredible opportunity for your child to take part in Young Voices - an extraordinary event that will see them perform at the Manchester Coop Arena alongside thousands of other young singers from across the country.

What is Young Voices?

Young Voices is the largest school choir concert in the world. It offers children the chance to sing in a professional arena, backed by live musicians and singers. It's an unforgettable experience where students can develop their musical skills, work as part of a team, and build confidence while having fun.

Event Details:

Venue: **Manchester Coop Arena**

Date: **Tuesday 26th January 2027**

Timings: **All day – returning to school after 11pm (time to be confirmed)**

Rehearsals: We will be holding regular rehearsals at school leading up to the event to ensure students are fully prepared and confident.

Your child will also have the chance to learn a variety of music, ranging from pop hits to classical pieces, as part of this unique concert experience. Not only is it an exciting musical journey, but it is also a wonderful chance for personal growth. Each child will also receive a concert pack with an official t-shirt, lanyard and concert torch.

How to Get Involved:

Participation is open to our Year 5 / 6 and Glee club students. We have limited numbers so this opportunity will be available to the first 30 students. To secure your child's place we are asking for a contribution of £16.50 towards the cost of the event, transport, and concert packs. There will also be an opportunity for you to buy tickets to watch the children singing. I will send more information once we have a list of all the children who want to attend.

If you would like your child to take part, please pay £16.50 on Parent Pay which is also the consent for them to attend by **Friday 25th September**. We will also hold an information session, later on this term, to answer any questions you might have.

Yours sincerely,

Mrs Victoria Taylor
Music Coordinator
