

Year 3 Autumn 2 2023

Welcome!

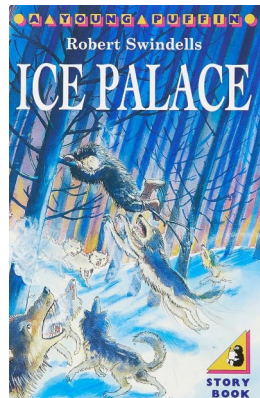

We hope you had a fantastic October break and are ready for the exciting learning that will be happening.

Maths

Building on our understanding of Hundreds, Tens and Ones, and understanding the value of the digits, the children will move onto the formal methods of addition and subtraction by laying calculations out in columns. We will begin this by using equipment to represent the hundreds, tens and ones.

English

Children will write a short lost and found tale and an explanation text.

Science

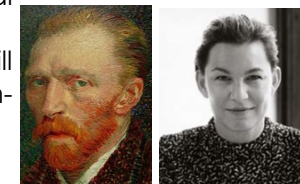

This half term, pupils will be studying different types of rocks. They will investigate the different properties that rocks have and how different rocks are formed. We will also be finding out about fossils and how they are formed. This links to the work we are doing in History and Art.

Geography

Within an hour of Bradford, where can we get to and what can we see? Where could we visit? This topic looks at the Human and Physical geographical features that can be found within an hour of Bradford. What an amazing place that Yorkshire is! We are learning to be Proud to live in Yorkshire!

Art

We will be learning about the famous artists, Vincent Van Gogh and Elizabeth Peyton. We will explore the use of various pencils when sketching. We will begin to draw with close observation and carry out initial sketches in preparation for portraits. After looking at the artists' works, we will create portraits of some of the staff members in our school.

Music: We are learning to play the Glockenspiel and children will be developing their instrumental skills.

Computing: The children are learning about stop-frame animation. We will begin by making a moving flip book and then use this understanding to make a short animated film.

PHSCE: the children will be basing their learning on a book called 'On a do nothing day'.

Homework

Please continue to read with your child every day. We check Home Reading Diaries and award dojos for home reading.

A polite reminder that children get **weekly** spellings on Spellingshed and should be practising their times tables on TTRS. Please help your child to do these.

If you have any questions or concerns please feel free to email your child's class teacher, or use Dojo for a private message.
