**Homework is more successful and has more impact on a child's progress, if:**

- 1. The parent(s)/carer(s) take a keen interest in it and get involved.**
- 2. It is 'hands on'. In other words, if the children are actually given a task to carry out, such as interview members of their family; make a list of certain items in the house or research something at home.**
- 3. It is returned on time. This gets your child(ren) into good learning habits.**
